***Reasons for Allowance***

Applicant's arguments in the Appeal filed 07/28/2008 are sufficient to overcome the prior rejection. As such the application is allowable.

Claims 21-32 are allowed.

The following is an examiner's statement of reasons for allowance:

Claim 21 is allowable because the prior art of record does not teach or fairly suggest a device comprising all the features as recited in the claims and in combination with the sum of the power supplyable by the k energy modules being smaller than the power which would be necessary if all n consumers simultaneously require electrical power.

Claims 22-32 are allowable as they depend from claim 21, which is also allowable.

As stated on page 12 of the Appeal, the Bauer reference (6,297,610) teaches that two VSD energy modules are coupled to each power consumer. Bauer teaches that only one of the two energy modules will ever power a consumer at a given time. Nowhere does Bauer teach that the total power provided by the energy modules is

Art Unit: 2836

smaller than the power which would be necessary if all n consumers simultaneously required power.

The references listed in the IDS received 10/17/2008 do not teach the above stated feature. While the Japanese references teach that multiple power modules can be turned on to power a computer, the references do not teach that the power supplied by the energy modules is less than the power that would be required if all consumers simultaneously required electrical power.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to SCOTT BAUER whose telephone number is (571)272-5986. The examiner can normally be reached on M-F 9am-6pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael Sherry can be reached on 571-272-2084. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
